Mintster Recommendations:

The policy to be purchased differs based on the requirements of different individuals:

1. You prefer paying a higher premium if it gives you superior features: ICICI Lombard policy is recommended for you. There are many unique features of ICICI Lombard policies like OPD benefits, Hospital Cash and many more which are not available in other policies. This comes at a higher cost though.
2. Your family spends ₹ 10,000 annually on health and fitness activities: ICICI Lombard policy is the recommended policy for you. ICICI Lombard reimburses policy holders for health and fitness expenses up to ₹ 10,000. So effectively the premium paid reduces by ₹ 10,000 making it the cheapest policy.
3. Newly married couple: Max Bupa offers maternity benefit only after 2 continuous years which is far sooner than others.
4. Value for money: Apollo Munich & Religare offer standard features at a very reasonable premium.

Common Temporary Exclusions:

These illnesses are not included for a certain time frame but are covered after the stipulated time period.

- These include pre-existing illnesses which most insurers cover between 24- 48 months of continuous coverage with the insurer.
- Any illness diagnosed within few days of inception of policy is also not included.
- Certain expenses on account of treatments/diseases are not included till the end of 1st or 2nd year policy year that are:
- Illness or disease contracted during the first 30 days of the policy.
- Cataract
- Benign Prostatic Hypertrophy

- Myomectomy, Hysterectomy unless because of malignancy
- Hernia, Hydrocele
- Fistula in Anus, Piles
- Arthritis, Gout, Rheumatism
- Joint replacement, unless due to accident
- Sinusitis and related disorders
- Stone in the urinary and biliary systems
- Dilatation & Curettage
- Skin and all internal tumors / cysts / nodules / polyps of any kind, including breast lumps, unless malignant / adenoids and hemorrhoids
- Dialysis required for chronic renal failure
- Surgery on tonsils, adenoids and sinuses
- Gastric and duodenal ulcers

Permanent Exclusions:

Health insurance also has some permanent exclusion's which are:

- Dental or cosmetic treatment
- Self-inflicted injuries
- Treatment of illness as result of HIV, misuse of alcohol or drugs
- Treatment of injuries as result of war, strike or riots
- Psychiatric disorders
